Ergonomic handle is why I love this brush.
They don't slip out of my hand, and due to
the cork handle they're lightweight and
easy to maneuver.

The first Cristophe salon opened to immediate success in Beverly Hills in 1985. Twenty-seven years later, Cristophe Beverly Hills remains popular and has become a cornerstone to one of the most recognizable and prestigious shopping districts in the world. The Cristophe salons are home to over 75 stylists, colorists, and make-up artists, all of which are dedicated to providing their clients with the best possible experience.

Over the course of two decades, the Cristophe brand has grown opening more locations and launching a professional hair care line. Salons opened across the nation in two major cities, Washington DC and Las Vegas. With licensing opportunities, the Cristophe brand opened two more salons, one in Newport Beach and the other in the beautiful Saint Barth's, French West Indies.

Ever evolving with the same dedication to beauty, Cristophe believes beauty starts from the inside. A dedication to health will produce glowing skin, luscious hair, and overall natural radiance. Cristophe's approach is based on maximizing that radiance, creating fashionable hair styles that reflect the client's personality and sensibility to provide a beautiful outward appearance.
