ECO (FAST DRY)

The faster natural blow dry !.

Twisted bristles designed to easily grab hair on to a unique aluminum barrel that functions as heat conductor from the dryer to smooth and shape the hair quickly.

50523 – ECO large
65 mm. dia. total
16 twisted bristles rows

50522 – ECO medium
55 mm. dia. total
12 twisted bristles rows

50521 – ECO small
45 mm. dia. total
10 twisted bristles rows

Benefits:

It's superior blend of 100% natural reinforced bristles are fixed in twisted rows for a better grab without damaging the hair structure. The special aluminium barrel accumulates the heat from the dryer getting a faster blow dry to smooth and shape the hair quickly.

Sculpted from a high quality polished Mahogany hard wood. The special ergonomic handle with it's added length, gives full control and best salon-comfort in a round brush blow dry. The hardwood absorbs the heat from the blow dry protecting the hair and scalp .

Ingredients:

- Reinforced first-cut natural boar bristles.
- Heat conductor aluminium barrel.
- Mahogany wood sourced from non endangered forests.

Reinforced ultra dense bristles in twisted rows.

Logo engraved on handle in laser system.
