Hair Extensions Brushes

Cepilla tus Extensiones

Los cepillos “Regincós” para Extensiones, se fabrican con unas púas especiales de nylon extra flexible, que permiten cepillar el cabello con extensiones, sin dañar sus uniones o fijaciones.

Se presentan en dos distintos tipos de púas, para adaptarse perfectamente a cada tipo de cabello y extensiones.

Brush your Hair Extensions

Hair Extension “Regincós” brushes are manufactures with special extra flexible nylon pins, able to brush Extension hair easier without damage its unions and fixings.

Available in two types of pins or bristles for a better brushing over different kinds of hair and extensions.

Silver handle / Double bristle.

Black handle / Double bristle.

Wood handle / Double bristle.

Wood handle / Nylon pins.

Cork handle / Double bristle.

Cork handle / Nylon pins.

🇪🇸 Púas Cepillos Extensiones.

Nylon white pins.

Monofilamento de nylon blanco muy flexible y con punta redondeada, recomendada para cabellos delicados o muy finos, con extensiones también muy finas o poco abundantes.

Mechon doble púa.

Mechón natural de cerda de jabalí negra con un monofilamento de nylon blanco especial para cabellos normales o gruesos y con abundantes extensiones.

🇬🇧 Hair Extension Brush Pins.

Nylon white pins.

White nylon monofilament, very flexible and rounded tip, recommended for sensitive or very fine hair, with extensions also very thin or not abundant.

Double bristle.

Natural boar bristle black tuft with white nylon monofilament at its center. Designed for normal or thick hair, also with abundant extensions.
